

QLEAVE AND OPERATIONAL WORKS

Prior to the issue of a development permit, local governments and private certifiers must sight a receipted Building and Construction Industry Notification and Payment form.

When do you need to sight the approved form?

- if the development application is for building, operational, plumbing or drainage work AND
- the estimated cost of work is \$150,000 or more (excluding GST).

Maximum penalty = 40 units for non-compliance.

FURTHER INFORMATION

Please refer to Section 77 of the *Building and Construction Industry (Portable Long Service Leave) Act 1991*.

If you think the cost of work on the development application and Notification and Payment form is understated, please contact QLeave.
